NATURAL BUFFER AREAS POLICY STATEMENT

The following is the policy statement of the District as it regards the natural tree protection, wetland and upland buffer areas that are scattered in large numbers throughout the Community. The policy statement is to be interpreted consistently with the laws and regulations of other governmental entities, including Hillsborough County, and Southwest Florida Water Management District (SWFWMD). To the extent anything herein conflicts with any applicable law or regulation, such law or regulation shall control.

There is no trespassing allowed in all designated wetland conservation and/or mitigation areas located on District property. Trespassers will be reported to the local authorities.

The natural areas are not intended to be maintained. These areas are to be left untouched to allow for nature to take its normal course. Vegetation that dies including, but not limited to, trees are left to fulfill their role in nature's process.

Trees, within or immediately adjacent to these areas, that have died and appear to pose a threat of falling and damaging an abutting property owner's property may be addressed by the abutting property owner after securing permission to remedy the situation from the District and all required permits from all authorities having jurisdiction including Hillsborough County, and SWFWMD. Such abutting property owner must initially contact the District for permission to address the removal or remediation of the threatening situation and shall then be responsible for any needed permitting or review by Hillsborough County, and SWFWMD. Permitted trimming and/or removal, where warranted, shall be done at the expense of the abutting property owner. The goal is to minimize disturbance to these areas.

In the event that a tree does fall onto another's property, that property owner has the right to cut back or limb the tree as necessary to their individual property line. The rest of the tree is to be left as is. This also pertains to normal maintenance, which allows an owner to trim back any

encroaching vegetation to their property line. No one is allowed to encroach into the natural areas for any reason, including maintenance and placement of personal property of any kind.
